

# Preserve Louisville!

**PreserveLouisville.org**

PreserveLouisville.org, a citizens group dedicated to preserving Louisville's small-town character, endorses these Council candidates, who have made a commitment to support thoughtful, sensible and limited growth:

**Bob Muckle** (Ward 1)

**Frost Yarnell** (Ward 2)

**Ron Sackett** (Ward 3)

**Why we endorse Muckle, Frost and Sackett:** The Planning Commission and City Council approved a Comprehensive (Comp) Plan that jeopardizes our small-town character. The Plan adds at least 1,600 new houses and adds at least 4,000 new residents.

**Muckle, Frost and Sackett** want to PRESERVE our small-town character. They oppose the current Comp Plan. We've done our homework (to see it, visit

[PreserveLouisville.org](http://PreserveLouisville.org)). For a "small town," please vote for **Muckle, Frost and Sackett**.
